Documentary filmmaker Jason Bermas, in partnership with *Infowars'* Alex Jones, has [put together](#) what the two are describing as "the deepest dive ever produced on what's really happening" in the world of pedophile blackmail and honeypot operations.

The infamous "list" that has come to light detailing all of the perverts in government, media, entertainment, religion and other pillars of society who abused children with Epstein is making serious waves in the media right now. The culprits are desperately trying to stuff the cat back into the bag, but will it work?

At BANNED.video, Bermas and Jones uploaded [a video investigation](#) of their findings into the Biden regime's *Department of Justice* (DoJ) and *Federal Bureau of Investigation* (FBI) hiding of hard drives and video footage shot by pedophile child trafficker Jeffrey Epstein and his intelligence community partners chronicling their rampant abuse of children – *watch below*.

Bill Clinton "likes them young," Epstein files reveal

One major revelation that has already come out about "the list" involves former President Bill Clinton, who reportedly "likes them young," this [according to](#) the Epstein files.

Many celebrities, presidents and intelligence assets were roped into a honeypot blackmail scheme in which their devious child-abusing ways were captured on tape or otherwise

recorded as a tool of the deep state to advance its globalist agenda.

The [following episode](#) of "War Room with Owen Shroyer" analyzes the Clinton aspect of the Epstein files – *be sure to watch*:

Former President Donald Trump is [also named](#) in the Epstein files, which include nearly 900 pages of a lawsuit filed more than a decade ago by Virginia Giuffre, one of Epstein's victims and a former Trump employee. Roughly two weeks into her employment at Trump's Mar-a-Lago estate in Florida, Giuffre met with Epstein.

Other names mentioned in the Epstein files include Britain's Prince Andrew, Alan Dershowitz, Michael Jackson, David Copperfield and Stephen Hawking.

While the presence of these names in the Epstein documents does not necessarily implicate any of these people in legal wrongdoing, the Biden regime's DoJ and FBI sure are hellbent upon keeping as many of the pages as possible hidden from the public. What are they trying to hide?

As far as the Clinton revelation goes, a spokesperson for former president redirected the media to a 2019 statement put out on behalf of the 42nd president, who continues to deny any knowledge of Epstein's "pedophilic, sex-trafficking empire," to quote one media source.

"President Clinton knows nothing about the terrible crimes Jeffrey Epstein pleaded guilty to in Florida some years ago, or those with which he has been recently charged in New York," the statement reads in part.

"In 2002 and 2003, President Clinton took a total of four trips on Jeffrey Epstein's airplane: one to Europe, one to Asia and two to Africa, which included stops in connection with the work of the Clinton Foundation. Staff, supporters of the Foundation and his Secret Service detail traveled on every leg of every trip."

The statement goes on to admit that Clinton had "one meeting with Epstein in his Harlem office in 2002, and around the same time made one brief visit to Epstein's New York apartment with a staff member and his security detail."

"He's not spoken to Epstein in well over a decade, and has never been to Little St. James Island, Epstein's ranch in New Mexico, or his residence in Florida," the statement concludes.
